

Sioux Falls Bike Swap Vendor Information

Howdy!

Here is the pertinent information regarding the fourth kind-of annual Bike Swap.

This Bike Swap is to buy and sell anything bike related. It could be bikes, bicycling apparel, bike parts, bike posters anything bike related. Anyone can sell stuff at the swap. Tables are \$25 up to and including the day of the event. If you want to sell some stuff but don't have that much you are welcome to find others to team up with. You work it out amongst yourselves. Or, let me know if you need, say, half a table and I'll put you in contact with others such that you may share the table space and cost.

Your table registration gets you a 8 foot x 3 foot table, some chairs, and two admissions to the event. You may get as many tables as you'd like - sorry, no discounts for multiple tables.

If you have complete bikes to sell, they will be sold from the Bike Corral. The Bike Corral will be just that - a Corral in which you'll put the bike. **YOU** must keep an eye on it. The \$10 fee for the Corral gets your bike in there and one admission. Each additional bike to sell will be an additional \$5. NOTE: IF YOU HAVE A TABLE, YOU DO **NOT** HAVE TO SELL A COMPLETE BIKE IN THE CORRAL. YOU MAY SELL IT FROM YOUR TABLE OR PARK THEM IN THE CORRAL AT NO ADDITIONAL CHARGE.

This year there are 22 tables for sale. They will be sold on a first come, first served basis. I'll open the doors for set up at 8:00 AM. The Swap proper will start at 10:00 AM. You don't have to be there at 8:00 AM if you don't need two hours to set up. Which table you get will be determined on a first to get there, first to pick basis. The exception is if you buy multiple tables. If you do that, I'll pick your tables and reserve them for you. I can work with you as to which tables if you wish or care.

Admission to this event is \$5 per person and younger kids are free. All proceeds from this year's Swap will go to Falls Area SingleTrack in our continuing quest to maintain singletrack within the city.

My name is Kyle Andersen and I'm the new President of FAST. If you have any questions, feel free to contact me at your convenience. My email address is kjandersen2@gmail.com.
